This heavy-duty louvered cover is the only one that locks into 6" half round gutter with hidden hangers. With the special front 90 degree bends, these panels install with spring tension.

E-Z to Install: Locks into gutter—snaps in and out for easy cleaning.

Like all gutter protection products, depending on your debris type and load, E-Z-H/R™ will require maintenance from time to time, by brushing off the top of the panels.

Size: E-Z-H/R comes in 4 foot lengths and 6" widths.
