

# PREMIUM ALUMINUM SCREENS

INNOVATIVE DESIGNS FOR EVERY TYPE OF GUTTER AND DEBRIS LOAD

## E-Z-DROP IN®

Our entry-level mill-finish aluminum has a solid aluminum front edge that is micro-crimped for a strong product that will not come apart. It works well in light debris loads.

### E-Z TO INSTALL

Screws to the front of the gutter — a more permanent method.

### FEATURES

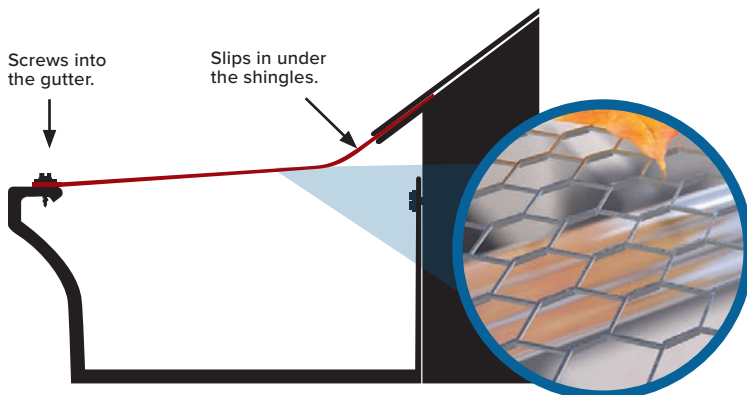

- Light debris load with medium-sized holes
- Screws into gutter front, slides under first row of shingles
- Mill-finish aluminum

**SIZE:** E-Z-Drop In comes in 4 foot lengths and 5" or 6" widths.

### COLORS

Mill Finish

Like all gutter protection products, depending on your debris type and load, E-Z-Drop In will require maintenance from time to time, by brushing off the top of the panels.
