

PREMIUM ALUMINUM SCREENS

INNOVATIVE DESIGNS FOR EVERY TYPE OF GUTTER AND DEBRIS LOAD

E-Z-SPEED SCREEN®

It has a solid aluminum front edge and an updated solid strip at the rear and installs with a spring tension to hold it in place. This light-duty mill-finish aluminum guard works well in light debris loads.

E-Z TO INSTALL

Locks into the gutter – snaps in and out for easy cleaning.

FEATURES

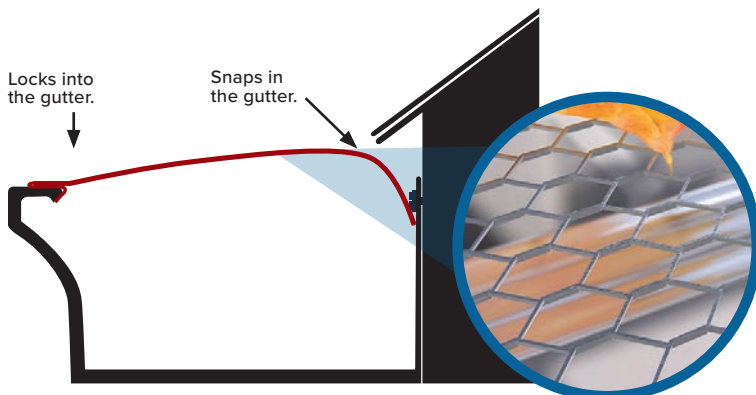

- Light debris load with medium-sized holes
- Speed screen snaps into the gutter and does not disturb the shingles
- Mill-finish aluminum

SIZE: E-Z-Speed Screen comes in 4 foot lengths and 5" or 6" widths.

COLORS

Mill Finish

Like all gutter protection products, depending on your debris type and load, E-Z-Speed Screen will require maintenance from time to time, by brushing off the top of the panels.
